To the Friends of PNMBA and CMA:

The Pacific Northwest Monument Builders Association and the California Monument Association invites you to the 27th Annual Joint Convention to be held in historic Vancouver, WA March 23-25, 2017. We have a great program featuring presentations on safety, pricing and marketing. In addition to the great program and networking opportunities available, we will once again be hosting a murder mystery at our closing banquet. This convention is not to be missed!

As with any convention, this event cannot succeed without the dedicated support of our vendors and suppliers. Besides attending and learning a things to improve your business, we encourage you to share your business by purchasing a table top display. We also have some additional sponsorship opportunities to further enhance and promote your business. On the attached registration and sponsorship I have listed all the options available.

We will be staying at the Heathman Lodge again this year, located just a few blocks from many dining options and Westfield Vancouver Mall which features Cinetopia and some of the largest movie screens in the pacific northwest. And as in past years for those golfers out there we will be having a pre-convention golf outing on Thursday, March 23rd at the Lewis River Golf Course just a short drive from the hotel. New this year, we have added a trip for the non-golfers to the Portland Art Museum where they will be showing a Rodin bronze sculpture exhibit.

We are also making available 5 minute presentation blocks above and beyond the normal introduction of your business. This can be used to promote a new technology, show your latest monument designs or share all the things your business can do for the monument retailer. Just a few of these time slots are available though, so don't delay!

We look forward to you and your company joining us for a great and educational time. Register today!

Best,

Joey Fuerstenberg, CM
President
PNMBA

PS Don't put off registering for this convention! There are a limited number of table top displays and presentation available. Register today!
